(a) If [(1)] the death of a member occurs before the member first attains eligibility for normal retirement [, AND (2) THE PROXIMATE CAUSE OF DEATH IS A BODILY INJURY SUSTAINED OR HAZARD UNDERGONE WHILE IN THE PERFORMANCE AND WITHIN THE SCOPE OF THE MEMBER'S DUTIES OF EMPLOYMENT,] and **the death** [(3) THE INJURY OR HAZARD] is not the proximate result of wilful negligence on the part of the member, the administrator shall pay a monthly survivor's pension equal to 40 percent of the member's base salary at the time of termination of employment, divided by 12, to the member's surviving spouse. If there is no surviving spouse, the administrator shall pay the monthly survivor's pension in equal parts to the dependent children of the member. On the date the normal retirement of the member would have occurred if the member had lived, monthly payments must equal the monthly amount of the normal retirement benefit to which the member, had the member lived and continued employment until the member's normal retirement date, would have been entitled with an average base salary as existed at the member's death and the credited service to which the member

1 would have been entitled. If the member does not have a spouse or dependent children  
 2 at the time of death or if the member designates as beneficiary under AS 14.25.166  
 3 someone other than the surviving spouse or dependent children, the administrator shall  
 4 pay the member's designated beneficiary those benefits available to a beneficiary  
 5 under AS 14.25.160(b) and (c) and may not pay a benefit to the surviving spouse or

12 (b) A survivor's allowance is payable under this section as follows:

13 (1) an allowance of 10 percent of the member's base salary  
 14 immediately before the member's death, retirement, or disability shall be paid for each  
 15 dependent child; if there are four or more dependent children, the total amount paid to  
 16 those children is 40 percent of the member's base salary before the member's death,  
 17 retirement, or disability, paid in equal amounts to each child; the allowance shall be  
 18 recomputed for the month in which the number of dependent children is less than four  
 19 and the benefits shall be decreased accordingly; the adoption of a dependent child does  
 20 not terminate the survivor's allowance payable under this section;

21 (2) an allowance of 35 percent of the member's base salary shall be  
 22 paid to the member's surviving spouse as long as there is an eligible dependent child,  
 23 as determined under (b)(1) of this section, for whom the surviving spouse is legally  
 24 responsible; if there is no surviving spouse, an allowance of 10 percent of the  
 25 member's base salary shall be paid to each court-appointed guardian, not to exceed one  
 26 allowance for each child or for each group of children who have the same guardian or  
 27 joint guardians;

28 (3) when no further benefits are payable under this section, the  
 29 difference between the amount that would have been paid under AS 14.25.160 and any  
 30 payments made to the member, spouse, guardian, or dependent children under this  
 31 section shall be paid to those beneficiaries described in AS 14.25.166;

(4) benefits are not payable under this section if benefits are payable under **former** AS 14.25.155 **or under AS 14.25.157** [, 14.25.157], 14.25.164, or 14.25.167.

\* **Sec. 12.** AS 14.25.164(b) is amended to read:

(b) A spouse's pension is payable under this section as follows:

(1) a spouse's pension is equal to 50 percent of the retirement benefit that the deceased member was receiving; if the member was not receiving a retirement benefit, the spouse's pension is equal to 50 percent of the amount the member would have received, based on the member's average base salary and credited service to the date of the member's death and assuming that the member would have been eligible for a normal retirement benefit as of that date;

(2) in the event of the death of a member's spouse who is receiving a spouse's pension, the difference between the amount that would have been paid under AS 14.25.160 and any payments made to the member, spouse, guardian, or dependent children shall be paid to those beneficiaries described in AS 14.25.166;

(3) benefits are not payable under this section if benefits are payable under **former** AS 14.25.155 **or under AS 14.25.157** [, 14.25.157], 14.25.162, or 14.25.167.

\* **Sec. 13.** AS 14.25.167(a) is amended to read:

(a) Benefits payable under this section are in place of benefits payable under **former AS 14.25.155 or under** AS 14.25.110, 14.25.125, [14.25.155,] 14.25.157, 14.25.160, 14.25.162, or 14.25.164. Upon filing an application for retirement with the administrator, or when a disabled member becomes eligible for normal retirement under AS 14.25.130(e), the member shall designate the person who is the member's spouse at the time of appointment to retirement as the contingent beneficiary. However, if the designation of the spouse is revoked under (c) of this section, the member may designate a dependent approved by the administrator as the contingent beneficiary or may take normal or early retirement under AS 14.25.110 or 14.25.125. The administrator shall pay benefits under the option elected by the member. The member may elect an option that provides that

(1) the member is entitled to receive a reduced benefit payable for life,

1 and, after the member's death, the contingent beneficiary is entitled to receive  
2 payments in the amount of 75 percent of the reduced benefit for life;

3 (2) the member is entitled to receive a reduced benefit payable for life,  
4 and, after the member's death, the contingent beneficiary is entitled to receive  
5 payments in the amount of 50 percent of the reduced benefit for life; or

6 (3) the member is entitled to receive a reduced benefit payable during  
7 the joint lifetime of the member and the contingent beneficiary, and, after the death of  
8 either the member or the contingent beneficiary, the survivor is entitled to receive  
9 payments in the amount of 66-2/3 percent of the reduced benefit for life.

10 \* **Sec. 14.** AS 14.25.167(e) is amended to read:

11 (e) If either the member or contingent beneficiary dies before the member is  
12 appointed to retirement, the election becomes inoperative. Once the member is  
13 appointed to retirement, the election is irrevocable, even if the retired member is  
14 reemployed. Any additional retirement benefit to which the reemployed member may  
15 become entitled will be paid in accordance with the initial election made under this  
16 section, unless the contingent beneficiary is deceased. If the contingent beneficiary is  
17 deceased, the benefits earned during the period of reemployment are subject to  
18 AS 14.25.110, or this section if another contingent beneficiary was designated during  
19 the period of reemployment. All other benefits earned during previous periods of  
20 employment are subject to the election at the time the member was appointed to  
21 retirement. [IF DEATH OCCURS DURING THE PERIOD OF REEMPLOYMENT  
22 AND THE PROXIMATE CAUSE OF DEATH IS NOT A BODILY INJURY  
23 SUSTAINED OR HAZARD UNDERGONE WHILE IN THE PERFORMANCE  
24 AND WITHIN THE SCOPE OF THE MEMBER'S DUTIES OF EMPLOYMENT,  
25 THOSE BENEFITS EARNED WHILE REEMPLOYED ARE SUBJECT TO  
26 AS 14.25.155(c).] All other benefits earned during previous periods of employment  
27 are subject to the election at the time the member was appointed to retirement. If death  
28 occurs during the period of reemployment and [THE PROXIMATE CAUSE OF

 3 benefits or that service credit a person is entitled to receive because of the person's  
 4 own membership in the retirement plan. A teacher may not receive (1) duplicate credit  
 5 under this plan for the same period of service, (2) more than one year of service credit  
 6 in the course of a school year, or (3) a benefit while accruing service credit under this  
 7 plan, except as provided in this section.

8 \* **Sec. 17.** AS 14.25 is amended by adding a new section to read:

9 **Sec. 14.25.171. Medical benefit; eligibility of employees first hired after**  
 10 **June 30, 2006; surviving spouses and dependents.** (a) An employee who became a  
 11 member of the plan after June 30, 2006, retired directly from the plan, receives a  
 12 monthly benefit from the plan, and has elected benefits under this section is entitled to  
 13 medical benefits under this section. A member who applies for medical benefits under  
 14 this section shall apply on the forms and in the manner prescribed by the  
 15 administrator.

16 (b) The member's surviving spouse is eligible to elect medical benefits if the  
 17 member had retired or was eligible for retirement and medical benefits at the time of  
 18 the member's death.

19 (c) The medical benefits available to eligible persons are access to the retiree  
 20 major medical insurance plan and access to the health reimbursement arrangement  
 21 plan under AS 39.30.300. Access to the retiree major medical insurance plan means  
 22 that an eligible person may not be denied insurance coverage except for failure to pay  
 23 the required premium.

24 (d) Retiree major medical insurance plan coverage elected by an eligible  
 25 member under this section covers the eligible member, the spouse of the eligible  
 26 member, and the dependent children of the eligible member.

27 (e) Retiree major medical insurance plan coverage elected by a surviving  
 28 spouse of an eligible member under this section covers the surviving spouse and the  
 29 dependent children of the eligible member who are dependent on the surviving spouse.

30 (f) Participation in the retiree major medical insurance plan is not required in  
 31 order to participate in the health reimbursement arrangement plan.

1 (g) A person eligible for medical benefits under this section is not required to  
 2 participate in the health reimbursement arrangement plan in order to participate in the  
 3 retiree major medical insurance plan.

 5 the irrevocable election to participate or not participate in the retiree major medical  
 6 insurance plan on or before the date the person reaches 70 1/2 years of age or when the  
 7 person applies for retirement and medical benefits, whichever is later.

8 (i) Major medical insurance coverage takes effect on the first day of the month  
 9 following the date of the administrator's approval of the election and stops when the  
 10 person who elects coverage dies or fails to make a required premium payment.

11 (j) The coverage for persons 65 years of age or older is the same as that  
 12 available for persons under 65 years of age. The benefits payable to those persons 65

 14 survivors, and disability insurance program.

15 (k) The medical and optional insurance premiums owed by the person who  
 16 elects coverage may be deducted from the health reimbursement arrangement plan. If  
 17 the amount of the health reimbursement arrangement plan becomes insufficient to pay  
 18 the premiums, the person who elects coverage under (a) of this section shall pay the  
 19 premiums directly.

20 (l) The cost of premiums for retiree major medical insurance coverage under  
 21 this section for an eligible member or surviving spouse who is

22 (1) not eligible for Medicare is an amount equal to the full monthly  
 23 group premiums for retiree major medical insurance coverage;

24 (2) eligible for Medicare is the following percentage of the premium  
 25 amounts established for retirees who are eligible for Medicare:

26 (A) 30 percent if the member had 10 or more, but less than 15,  
 27 years of service;

28 (B) 25 percent if the member had 15 or more, but less than 20,

 31 years of service;

(D) 15 percent if the member had 25 or more, but less than 30, years of service;

(E) 10 percent if the member had 30 or more years of service.

(m) The eligibility for retiree major medical insurance coverage for an alternate payee under a qualified domestic relations order shall be determined based on the eligibility of the member to elect coverage. The alternate payee shall pay the full monthly premium for retiree major medical insurance coverage.

(n) The administrator shall

(1) inform a person entitled to retiree major medical insurance coverage under this section in writing

(A) that the health insurance coverage available to retired members may be different from the health insurance coverage provided to employees;

(B) of time limits for selecting optional health insurance coverage; and

(C) whether the election is irrevocable; and

(2) require that a person entitled to retiree major medical insurance coverage under this section indicate in writing on a form provided by the administrator whether the person has

(A) received the information required by this subsection; and

(B) chosen to receive optional health insurance coverage.

(o) The monthly group premiums for retiree major medical insurance coverage under this section are established by the administrator in accordance with AS 39.30.095. Nothing in this chapter guarantees a person who elects coverage under (a) of this section a monthly group premium rate for retiree major medical insurance coverage other than the premium in effect for the month in which the premium is due for coverage for that month.

(p) In this section, "health reimbursement arrangement plan" means the State of Alaska Teachers' and Public Employees' Retiree Health Reimbursement Arrangement Plan established in AS 39.30.300.

**Sec. 39.35.537. Medical benefit; eligibility of employees first hired after June 30, 2006; surviving spouses and dependents.** (a) An employee who became a member of the plan after June 30, 2006, retired directly from the plan, receives a monthly benefit from the plan, and has elected benefits under this section is entitled to medical benefits under this section. A member who applies for medical benefits under this section shall apply on the forms and in the manner prescribed by the administrator.

(b) The member's surviving spouse is eligible to elect medical benefits if the member had retired or was eligible for retirement and medical benefits at the time of the member's death.

(c) The medical benefits available to eligible persons are access to the retiree major medical insurance plan and access to the health reimbursement arrangement plan under AS 39.30.300. 1 the required premium.

2 (d) Retiree major medical insurance plan coverage elected by an eligible  
3 member under this section covers the eligible member, the spouse of the eligible

17 (i) Major medical insurance coverage takes effect on the first day of the month  
18 following the date of the administrator's approval of the election and stops when the  
19 person who elects coverage dies or fails to make a required premium payment.

20 (j) The coverage for persons 65 years of age or older is the same as that  
21 available for persons under 65 years of age. The benefits payable to those persons 65

15 on the eligibility of the member to elect coverage. The alternate payee shall pay the  
16 full monthly premium for retiree major medical insurance coverage.

17 (n) The administrator shall

18 (1) inform a person entitled to retiree major medical insurance  
19 coverage under this section in writing

\* **Sec. 69.** AS 39.35.892(a) is amended to read:

(a) If [(1)] the death of an employee occurs before the employee's retirement and before the employee's normal retirement date [, (2) THE PROXIMATE CAUSE OF DEATH IS A BODILY INJURY SUSTAINED OR A HAZARD UNDERGONE WHILE IN THE PERFORMANCE AND WITHIN THE SCOPE OF THE EMPLOYEE'S DUTIES,] and the death [(3) THE INJURY OR HAZARD] is not the proximate result of wilful negligence of the employee, a monthly survivor's pension shall be paid to the surviving spouse. If there is no surviving spouse or if the spouse later dies, the monthly survivor's pension shall be paid in equal parts to the dependent children of the employee.

1 \* **Sec. 70.** AS 39.35.892(e) is amended to read:

2 (e) On the date the employee would have first qualified for normal retirement  
 3 if the employee had survived, the retirement benefit shall be determined under the  
 4 provisions of AS 39.35.820 - 39.35.840, 39.35.870, and 39.35.880. In addition to  
 5 payment of the member's individual account, the surviving spouse or, if there is no  
 6 surviving spouse, the surviving dependent children of the member, shall receive an  
 7 additional benefit in an amount equal to the accumulated contributions that would  
 8 have been made to the deceased member's individual account under AS 39.35.730(a)  
 9 and 39.35.750(a), based on the deceased member's gross monthly compensation at the  
 10 time of [OCCUPATIONAL] death, from the time of the member's death to the date  
 11 the member would have first qualified for normal retirement if the member had  
 12 survived. Earnings shall be allocated to the additional benefit calculated under this  
 13 subsection based on the actual rate of return, net of expenses, of the trust account  
 14 established under AS 39.35.750(e) over the period that such contributions would have  
 15 been made. This additional amount and allocated earnings shall be paid in the same  
 16 manner as determined for the member's individual account under AS 39.35.820 -  
 17 39.35.860 to the extent permitted by the Internal Revenue Service. An employee who  
 18 died and whose survivors receive [OCCUPATIONAL] death benefits under this  
 19 section shall be considered to have retired directly from the plan on the date the  
 20 employee would have first qualified for normal retirement if the employee had  
 21 survived. The period of time during which a survivor's pension is paid under this  
 22 section constitutes membership service for the purpose of determining vesting in  
 23 employer contributions under AS 39.35.790(b) and eligibility for medical benefits  
 24 under AS 39.30.300 - 39.30.495 and AS 39.35.700 - 39.35.990.

25 \* **Sec. 71.** AS 39.35.895(a) is amended to read:

26 (a) **Subject to art. XII, sec. 7, Constitution of the State of Alaska, the**  
 27 [THE] state **may** [HAS THE RIGHT TO] amend the plan at any time and from time to  
 28 time, in whole or in part, including the right to make retroactive amendments referred  
 29 to in 26 U.S.C. 401(b).

30 \* **Sec. 72.** AS 39.35.895(b) is amended to read:

31 (b) The plan administrator may not modify or amend the plan retroactively [IN

SUCH A MANNER AS] to reduce [THE] benefits accrued by a [OF ANY] member [ACCRUED TO DATE UNDER THE PLAN BY REASON OF CONTRIBUTIONS MADE] before the modification or amendment except to the extent that the reduction is permitted by art. XII, sec. 7, Constitution of the State of Alaska, and the Internal Revenue Code.

\* **Sec. 73.** AS 39.35.895(c) is amended to read:

(c) Subject to art. XII, sec. 7, Constitution of the State of Alaska, and the Internal Revenue Code, the [THE] state may [, IN ITS DISCRETION,] terminate the plan in whole or part [AT ANY TIME] without liability for the termination. If the plan is terminated, all investments at the time of termination remain in force until all individual accounts have been completely distributed under the plan. After [, AND, AFTER] all plan liabilities are satisfied, excess assets of the plan revert to the employer.

\* **Sec. 74.** AS 39.35.895(d) is repealed and reenacted to read:

(d) Within one year after determining that a contribution to the plan by an employer was the result of a mistake of fact, the administrator shall return the contribution to the employer.

\* **Sec. 75.** AS 39.35.958(c) is amended to read:

(c) When an employer's participation in the plan is terminated, or when an employer terminates coverage of a department, group, or other classification of employees under AS 39.35.957(c), the administrator shall assess the employer a termination cost that the administrator determines is actuarially required to fully fund the costs to the plan for employees whose coverage is terminated, including the cost of providing the employer's share of retiree health benefits under AS 39.35.880, [OCCUPATIONAL] disability and [OCCUPATIONAL] death benefits under AS 39.35.890 and 39.35.892, and pension benefits elected under AS 39.35.890(h)(2).

\* **Sec. 77.** The uncodified law of the State of Alaska is amended by adding a new section to read:

2006, and before the effective date of this section, and who is a member of the defined contribution retirement plan under AS 14.25.310 - 14.25.590 may, within 90 days after the effective date of this section, make a one-time election to participate in the defined benefit retirement plan under AS 14.25.009 - 14.25.220 and to transfer all contributions that have been made or should be made to the defined contribution retirement plan for service the member completes before the effective date of the member's participation in the defined benefit retirement plan. The transferred contributions shall be used to purchase credited service in the defined benefit retirement plan on an actuarial equivalent basis determined by the Alaska Retirement Management Board established under AS 37.10.210.

(b) An employee who was first hired after June 30, 2006, and before the effective date of this section, and who is a member of the defined contribution retirement plan under AS 39.35.700 - 39.35.990, may, within 90 days after the effective date of this section, make a one-time election to participate in the defined benefit retirement plan under AS 39.35.095 - 39.35.680 and to transfer all contributions that have been made or should be made to the defined contribution retirement plan for service the member completes before the effective date of the member's participation in the defined benefit retirement plan. The transferred contributions shall be used to purchase credited service in the defined benefit retirement plan on an actuarial equivalent basis determined by the Alaska Retirement Management Board established under AS 37.10.210.

\* **Sec. 78.** The uncodified law of the State of Alaska is amended by adding a new section to read:

RETIREMENT PLAN ELECTION PROCEDURE. (a) An election made under sec. 77 of this Act to participate in a defined benefit retirement plan must be made in writing on one or more forms and in the manner prescribed by the administrator. Before accepting an election to participate in a defined benefit retirement plan, the administrator shall provide the employee who plans on making an election to participate in a defined benefit retirement plan with information, including calculations to illustrate the effect of moving the employee's retirement plan from a defined contribution retirement plan to a defined benefit retirement plan as well as other information that informs the employee of potential consequences of the employee's election.

(b) An election made under sec. 77 of this Act to participate in a defined benefit

1 retirement plan is irrevocable. On the effective date of the election, an eligible employee who  
 2 makes the election shall be enrolled as a member of a defined benefit retirement plan, and the  
 3 employee's participation in the plan shall be governed by the applicable provisions of the  
 4 defined benefit retirement plan. The employee's enrollment in the defined benefit retirement  
 5 plan is retroactive to the date of hire. An election made by an eligible employee who is  
 6 married is not effective unless the election is signed by the employee's spouse.

7 (c) When an eligible employee makes a one-time election under sec. 77 of this Act,  
 8 the administrator shall cause the total amount of the employee's employee and employer  
 9 contributions, with investment earnings and losses through the day of the employee's election  
 10 to participate as a member in a defined benefit retirement plan, to be actuarially calculated  
 11 and, subject to (e) of this section, transferred to the pension fund in the corresponding defined  
 12 benefit retirement plan. On the effective date of the employee's participation in a defined  
 13 benefit retirement plan, the employee shall be credited with service in the defined benefit  
 14 retirement plan that may be purchased under an actuarial equivalent purchase formula as  
 15 determined by the board. The board shall establish transfer procedures by regulation, but the  
 16 actual transfer may not occur later than 30 days after the date the administrator receives the  
 17 employee's completed forms under (a) of this section, unless the major financial markets for  
 18 securities available for a transfer are seriously disrupted by an unforeseen event that also  
 19 causes the suspension of trading on any national securities exchange in the country where the  
 20 securities were issued. In that event, the 30-day period may be extended by a resolution of the  
 21 board. A transfer is not commissionable or subject to other fees and may be in the form of  
 22 cash or a security as determined by the board. A security shall be valued on the date of receipt  
 23 in the employee's account. In this subsection, "board" means the Alaska Retirement  
 24 Management Board established under AS 37.10.210.

25 (d) When making a transfer for an eligible employee under (c) of this section, the  
 26 administrator shall cause an amount equal to the

27 (1) decrease in the accrued actuarial liability of the death and disability trust in  
 28 the defined contribution retirement plan resulting from the transfer as of the date of transfer,  
 29 based on the most recent actuarial valuation of the death and disability trust, to be transferred  
 30 from the death and disability trust in the defined contribution retirement plan to the pension  
 31 fund in the defined benefit retirement plan; and

(2) increase in the accrued actuarial liability of the health care trust in the defined benefit retirement plan resulting from the transfer as of the date of transfer, based on the actuarial assumptions set out in (g) of this section, to be transferred from the trust established under AS 39.30.097(b) for the prefunding of medical benefits provided by AS 14.25.480 and AS 39.35.880 to the trust established under AS 39.30.097(a) for the prefunding of medical benefits provided by AS 14.25.171 and AS 39.35.537.

(e) If the value actuarially calculated under (c) of this section is insufficient to pay for service credit equal to the employee's actual service, the administrator shall allow the employee the option of purchasing any indebtedness up to the amount needed to eliminate the insufficiency; however, if that value exceeds the amount needed to pay for a service credit equal to the employee's actual service, the administrator shall cause the excess to remain in the employee's retirement plan established under AS 14.25.310 - 14.25.590 or AS 39.35.700 - 39.35.990. An excess under this subsection may not be used to purchase service credit in a retirement plan administered under AS 14.25 or AS 39.35.

(f) The amount of service that can be purchased under (e) of this section is based on the transferred employee's accrued actuarial liability of pension benefits in the defined benefit retirement plan. The actuarial assumptions under this section are based on the actuarial assumptions set out in (g) of this section.

(g) Actuarial assumptions about either the teachers' retirement system or the Public Employees' Retirement System of Alaska must be based on the most recent actuarial valuation of the corresponding defined benefit retirement plan, except that the retirement rates are computed at 25 percent of the retirement rates used in the most recent actuarial valuation of the pension trust for that plan plus 75 percent of the retirement rates used in the most recent actuarial valuation of the corresponding defined contribution retirement plan.

(h) The provisions of this section are subject to the requirements of the Internal Revenue Code and the limitations under AS 39.35.115, 39.35.678, 39.35.710(c) and (d), and 39.35.895. In this subsection, "Internal Revenue Code" has the meaning given in AS 39.35.990.

(i) In this section,

(1) "administrator" means the commissioner of administration or the person designated by the commissioner of administration under AS 39.35.003 for a public

1 employees' retirement plan;

2 (2) "defined benefit retirement plan" means a retirement plan established  
3 under AS 14.25.009 - 14.25.220 or AS 39.35.095 - 39.35.680;

4 (3) "defined contribution retirement plan" means a retirement plan established  
5 under AS 14.25.310 - 14.25.590 or AS 39.35.700 - 39.35.990.

6 \* **Sec. 79.** The uncoded law of the State of Alaska is amended by adding a new section to  
7 read:

9 may adopt regulations necessary to implement secs. 28 and 29 of this Act. Regulations

12 under AS 37.10.240.
